**DRIVE DIRECTLY TO WORKSITE**

# TP9000™

**THE WORLD'S ONLY  
TOWABLE, DRIVABLE,  
AUTOLEVELING SCISSORS LIFT**

## TOWABLE

- » No trailer is required to transport the TP9000™
- » TP9000™ weighs under 3500 lbs
- » Compact in size for easy maneuverability in tight spots
- » Towable at highway speeds

## DRIVABLE

- » Easily control the SILENT DRIVE TP9000™ from the platform with the Platform Control Joystick
- » Drive to the worksite at speeds up to 3 mph
- » Fully proportioned self-drive system with precise controls
- » Drive on various slab surfaces such as concrete or cobble
- » Drivable on various rough surfaces also, such as: grass, gravel or rock
- » Drive up and down inclines, up to 5° of slope

## AUTOLEVELING

- » Independently balance TP9000™ from the Platform with the Platform Control Joystick
- » For safety, the Platform cannot be raised without a successful autolevel
- » Autolevel on a wide variety of terrains, including flat slabs, uneven terrain and rough terrain such as grass and gravel or on inclines (up to 5° of slope)

## SCISSORS LIFT

- » Work height: 18 ft with outriggers retracted, 30 ft with outriggers extended
- » The Platform fits two workers with tools and is rated for a safe workload of 750 lbs
- » A 32 in Platform extension yields a 4 ft by 8 ft working area
- » The Platform is equipped with AC power for use with tools
- » Platform rails collapse so unit will fit through most double doors
- » Optional features: onboard battery charger, tool tray, spare tire and stadium lights

## THE BOTTOM LINE

The TP9000™ saves time and money compared to similar scissors lifts.

TP9000™ truly is the *Total Platform* and is so versatile, replacing multiple machines and still being easy-to-use!

**For a more information or a demo, call 800.658.3866.**

**VERSATILE  
12 FOOT &  
24 FOOT  
WORK HEIGHTS  
(OR ANYWHERE IN BETWEEN)**

## **SAFE-TO-USE**

## **EASY-TO-USE FOR ONE OR MORE USERS**

## **AUTOLEVELING ON MOST ON MOST TERRAINS**
